Subject: A Program for the Establishment of a Career Corps in CIA. 5 pp.				

ABSTRACT

This memo comments on the three sections of a memo from the Director of Training "A Proposal to Establish and Implement a Career Corps Program in CIA" (7 August 1951). The first section, recruitment of college graduates, is approved and the memo suggests that it be "vigorously implemented." The section covering the establishment of a career management program is also approved with reservations, especially on training proposals. The last section proposing a super-intelligence school and an "elite" career corps is rejected.
